FOOD FOR SPECIAL MEDICAL PURPOSES (FSMP)

For the dietary management of phenylketonuria (PKU). Dispensed by prescription. Glytactin RESTORE Lite Powder - Orange is a medical food for PKU patients. Each packet contains 10 grams of Glytactin protein, the optimal blend of glycomacropeptide (GMP) and amino acids. Contains 55% fewer calories per gram protein equivalent than Glytactin Restore Powder. Add to water to make a great tasting fruit-flavoured rehydration drink.

IMPORTANT NOTICE

Must be administered under medical supervision only. Protein substitutes based on GMP are a source of phenylalanine. Not suitable for use as a sole source of nourishment. Protein in prescribed amounts must be supplemented to completely meet phenylalanine requirements. For enteral use only. Suitable for individuals with PKU over 3 years of age.

DIRECTIONS FOR USE

Use as directed by physician.
 Pour powder into 180-360 mL of water. Shake well to mix.

Store in a cool, dry place.
